

Birangana Sati Sadhani Rajyik Vishwavidyalaya was established in 2020 by the Government of Assam under the Birangana Sati Sadhani Rajyik Vishwavidyalaya Act 2020. It is a state university located in Golaghat, Assam, recognized by the University Grants Commission under section 2(f). The university is the first in Assam established after the implementation of the National Education Policy 2020, aligning its goals with NEP 2020 to promote academic excellence, inclusive development, research, and innovation.

The Vice Chancellor, Prof. G. Singaiah, welcomes students to the 2025-26 admission session, emphasizing the university's commitment to empowering youth through knowledge, critical inquiry, and social responsibility. Named after Birangana Sati Sadhani, a symbol of courage and resilience, the university fosters creativity, experiential learning, and ethical leadership. It offers programs in Engineering, Social Sciences, Management, Literature, Agriculture, and Health Sciences at undergraduate, five-year integrated master's, postgraduate, and Ph.D. levels. The university supports an incubation and startup ecosystem to promote entrepreneurship, contributing to Assam's socio-economic development and Atmanirbhar Bharat.

The university's vision for Northeast India focuses on studying socio-cultural traditions, institutional practices, natural resources, learning practices, ethnic and cultural patterns, and oral and written literatures with multidisciplinary perspectives. It aims to blend traditional and modern institutional practices, such as weaving, handicrafts, and modern industries, while promoting sustainable resource utilization. The vision for India encompasses studying diverse institutional practices, natural resources, learning practices, culture, heritage, art, craft, and tourism, bridging Northeastern and pan-Indian contexts. Globally, the university seeks to contextualize studies in humanism, artificial intelligence, digital humanities, and ecological issues, fostering intellectual journeys through experiential learning.

The university aspires to blend ancient qualitative education measures with modern perspectives, addressing gaps between traditional and modern systems. It emphasizes theoretical and practical learning, incorporating cultural, social, and natural resources into its curriculum. Research thrust areas include tribal studies, women's studies, ethno-histories, religion, culture, urbanization, economic history, and eco-cultural heritage. Pedagogical tools include hands-on practice, field trips, problem-based learning, research projects, internships, interactive lectures, group discussions, and online resources. Collaborations with industry and premier institutions provide experiential learning, industry exposure, and professional networking.

Campus facilities include a Central Library functioning since August 2023, subscribing to six magazines/journals and five newspapers, and providing DrillBit-EXTREME plagiarism detection software. Other facilities include bus transportation, a canteen, campus-wide Wi-Fi, a 40-capacity computer lab, and ICT-enabled classrooms with smart TVs and projectors. The academic calendar for 2025 outlines key events: winter vacation from January 1-15, commencement of classes on January 16 and February 6, sessional tests in March and May, end-semester exams in June and December, and admission activities in July.

Important cells and committees include the Students' Grievance Redressal Committee, which addresses ragging and other issues per UGC guidelines, and the Internal Quality Assurance Cell, which ensures academic excellence per NAAC guidelines. The Research and Development Cell fosters innovation, supports funding, and encourages patents. The Anti-Ragging Cell promotes a ragging-free environment, while the Societal Business Incubation Cell, established in 2023, supports social entrepreneurship with a 1-credit course on Incubation & Entrepreneurship. The Institution's Innovation Council promotes ideation and startup development, and the Centre for Indian Knowledge System preserves traditional knowledge. The Extramural Lecture Cell organizes guest lectures, and the Women Support Cell ensures gender equality and safety. The Literary and Music Club, formed in 2023, enhances literary skills, and the Mental Health Counselling Cell, established in 2024, supports emotional well-being. The National Service Scheme organizes community service activities.
